

# Formative Formulation 2

A Virtual Away Day for Early  
Career Formulation Scientists

12<sup>th</sup> March 2021

## Programme

12:15 Arrival, welcome and introduction

12:30 ECFP: At the interface of industry and academia  
**Dan Hodgson**, *Edinburgh Complex Fluids Partnership*

13:00 From Drugs to Bubbles; There and Back Again  
**Omar Tarek Mansour**, *De Montfort University Leicester*

13:30 POSTER SESSION

14:30 High Throughput formulation - Can robots formulate for you?  
**Jodie Clark**, *Centre for Process Innovation*

14:50 Scope of Non-Lamellar Lipid Systems in Emerging Nano-Formulations  
**Chandrashekhara V. Kulkarni**, *University of Central Lancashire*

15:10 High-Time Resolution Measurements of Droplet Evaporation Kinetics and Particle Crystallisation Imaging  
**Dan Hardy**, *University of Bristol*

15:30 BREAKOUT SESSIONS

16:00 Scale-up of mouldable adhesive formulations.  
**Priti Arisrisna**, *Sugru/FormFormForm Ltd*

16:30 Making High Performance Computing Essential to the Formulation Industry  
**Breannan Conchuir**, *IBM Research UK*

17:00 Close
